Hi Vicki,

Thanks for sharing the article, and for amplifying the nomination announcement through you Listserv. I'm not on that (yet) and would appreciate being forwarded a copy, please.

We've had some inquiries since we opened the webpage and announcement, and sent out a message today to the BEST Listserv as well as the memberships of NAM, NAE and NAS. Happy to share that separately.

Thank you!  
Have a nice weekend,  
Kate

**Subject:** FW: Breaking News: NAS Expects EPA's Draft IRIS Formaldehyde Assessment By End Of 2021

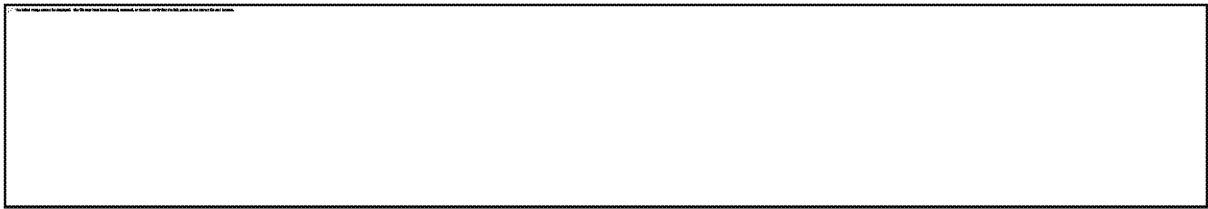

Hi Kate,  
I wanted to see if you saw this article today from Inside TSCA. NAS may get some inquiries.

Also – we did send out our listserv amplifying the nomination process yesterday. Let me know if you would like me to send a copy to you. I'm not sure if you are on our listserv.

Thanks  
Vicki

## LATEST NEWS

### **NAS Expects EPA's Draft IRIS Formaldehyde Assessment By End Of 2021**

The National Academy of Sciences (NAS) is seeking nominees to peer review a "2021 draft" of EPA's long-delayed Integrated Risk Information System (IRIS) assessment of formaldehyde -- the first announcement that a draft could be ready this year, potentially aiding its pending TSCA regulatory evaluation of the ubiquitous substance.
